## Partnership as a means of improving the quality of the regional vocational training system

- *significant role in improving public policies in vocational education and training and labour policies*
- *multi-level governance approach*
- *added value of dialogue between program management authorities, public institutions, economic, social and civil society partners*
- *sharing best practices*

*What are the current challenges that this cooperation is facing?*

- to enhance employability*
- to promote social inclusion*
- to foster innovation by encouraging the development of new approaches and technologies to support learning*
- To ensure that individuals acquire the skills and knowledge needed to meet the demands of the labor market*

- *Institutional level: planning of the European Social Fund (ESF+)*
- *Requirement for access to public calls for proposals - training projects*
- *Accreditation VET providers: partnership as a prerequisite*

- *In order to submit training projects to obtain regional funding (i.e. ESF +) an accredited VET provider must demonstrate a quality partnership consistent with the proposed training profile*
- *Partnership among accredited training bodies, accredited labour agencies, associations, enterprises, social partners is mandatory.*
- *Partnership is seen as an added value for vocational training activities and work services for citizens.*

→ *Evaluation criteria for project eligibility:*

- *consistency with the proposed professional figure*
- *operational involvement of the partner in some phases of the project representing an added value in terms of concrete realization of the same*
- *presence of institutional partnerships that guarantee a greater finalization of the initiative on the territory implementing links with production companies*
- *number of partners involved*

*The regional accreditation model has several requirements:*

- Structural Requirements*
- Economic-Financial Requirements*
- Organization and Management*
- Organization and leadership*
- Policies and Strategies*
- Human resources*
- Customer Satisfaction*
- Effectiveness and Efficiency*

*The key prerequisite is previous experience in implementing VET projects financed by public funds*

*Why?*

- *to learn how to manage this types of projects*
- *to learn how to use regional management and reporting tools*
- *to understand what professional profiles are needed for accreditation purposes*

Thank you for your attention
